

### ECTO-1 [STANDARD EQUIPMENT]

This converted Jeep seats three people comfortably or six in a pinch. Has a generous cargo capacity for carrying the paranormal tools of the trade. Flashing lights signal lesser vehicles to clear the way.

If a Ghostbuster carries this card, the Ecto-1 can store 6 extra items that may be swapped out by accessing the Ecto-1. No need to return to HQ for more Traps/Packs/etc.

### ECTO GOGGLES [STANDARD EQUIPMENT]

These spook-finder glasses allow a Ghostbuster to see in the dark. They also eliminate all peripheral vision and look dumb in elevators.

Allows the Wearer to:  
-See invisible ghosts  
-Visually track P.K.E. valences  
-See in the dark.

### GHOST TRAP [STANDARD EQUIPMENT]

A small box which stores and transports subdued ghosts. Open and closes by pressing a foot pedal attached to the box. Whatever you do don't look at it when it's open.

Traps and stores ghosts temporarily until they can be transferred to the containment grid.

Once the trap has closed, re-opening it will release whatever is trapped inside.
